*The Debt of the Cemetery is kept separately from the ordinary City Debt, and provision is made for the payment of the same by the proceeds of the sale of lots in the grounds, as will be seen by the following section from the Act obtained from the Legislature :—

SECTION 4. "The proceeds of sales of lots or rights of burial in said Cemetery shall be paid into the City Treasury, to be kept separate from any other funds of the City, and subject to the order of said Commissioners, and such proceeds shall be devoted to the liquidation of the debt incurred in the purchase of the land for said Cemetery, and to the improvement and embellishment thereof, as aforesaid, under the direction of said board of Commissioners. And no other moneys shall be appropriated from the City Treasury by the City Council for such improvement and embellishment."

JOSEPH W. DUDLEY, *City Treasurer.*

Roxbury, March 10, 1861.

CITY OF ROXBURY, MARCH 10, 1862.

The undersigned, Joint Standing Committee on Accounts, in pursuance of the provisions of the eighth section of the Ordinance entitled "An Ordinance establishing a system of Accountability in the Expenditures of the City," requiring them to audit the Account of the City Treasurer at the close of each municipal year, and as much oftener as they may deem expedient, hereby certify that we have examined and audited the within Account of JOSEPH W. DUDLEY, City Treasurer, and find the same correctly cast, and all payments and expenditures therein charged against the City, are sustained by the necessary vouchers.

We find that there has been received into the Treasury, at sundry times within the year ending January 31, 1862, the sum of *four hundred ninety-nine thousand two hundred thirty-eight and 88-100 dollars*, which, with the balance on hand January 31, 1861, of *fifty-one thousand two hundred ninety-three and 90-100 dollars*, makes a total receipt of the year of *five hundred fifty thousand five hundred thirty-two and 78-100 dollars*; and that there has been paid out from the Treasury during the same period, the sum of *four hundred eighty-seven thousand nine hundred sixty-seven and 81-100 dollars*, leaving a balance in the Treasury January 31, 1862, of *sixty-two thousand five hundred sixty-four and 97-100 dollars*; included in which is the sum of *forty-one thousand one hundred and one and 26-100 dollars* of taxes unpaid.

OF THE

OVERSEERS OF THE POOR.

CITY OF ROXBURY, JAN. 27, 1862.

To the Overseers of the Poor for the City of Roxbury :

I transmit herewith the Report of the Superintendent of the Alms-house, the Report of the Agent of the Overseers of the Poor, and the Report of the Physician to the Alms-house, and recommend that the same be printed with the Annual Report of the Receipts and Expenditures of the City.

WILLIAM GASTON,

Chairman of the Overseers of the Poor.

IN BOARD OF OVERSEERS OF THE POOR, Jan. 27, 1862.

Referred to the Mayor with a request to cause the whole or such portion to be printed as he deems expedient, with the Annual Report of the Overseers of the Poor, in connection with the Receipts and Expenditures of the City.

JOSHUA SEAVER, *Secretary.*

REPORT OF THE SUPERINTENDENT OF THE ALMS-HOUSE.

ROXBURY ALMS-HOUSE, JAN. 27, 1862.

To the Overseers of the Poor of the City of Roxbury:

GENTLEMEN—In conformity to custom I again present to you my Annual Report relating to the inmates and condition of the Alms-house.

The number of inmates in the House February 1,		
1861,	21	
Admitted having settlement in this City, . . .	24	
	—	45
Discharged and absconded,	6	
Died,	2	
	—	8
Present number belonging,	37	
	—	45

Admitted State paupers unable to be removed to State Alms-house, and attended by the house physician, 16, three of which died soon after being admitted, five were sent to the State Lunatic Hospital, eight recovered and were legally discharged.

Admitted for food and lodging,	547
Sent to State Alms-house,	94

Owing to the advanced age and debilitated state of many of the inmates, there has been the past year a large number that required daily nursing and care.

The Physician, Dr. Flint, has discharged his professional duties in a gentlemanly and highly satisfactory manner, and it is again with pleasure that I recommend him to the kind consideration of the present Board of Overseers. For further particulars of the medical department you are referred to the Physician's Report.

At the commencement of the year, February 1st, there was connected with the Alms-house a Truant School, but there being a change made in the Ordinance relating to truant children, and it having been decided by Judge Wheelock of the Police Court that the Ordinance was repealed, it was kept in operation only for

the six months following. The average number in attendance during that period, 13.

The total expense of the Alms-house Establishment for the past year, including the Truant School, is \$4,343 36.

The City have belonging to the Alms-house, one horse, two cows, six hogs, three wagons, one horse cart, one sleigh, two harnesses, and farming tools of a necessary quality for the cultivation of the land belonging to the establishment; also, two horses with wagons and harnesses for the collection of house offal, neither of which belongs to the Alms-house property, the expense for keeping the same is charged to another appropriation.

The land cultivated produced in much the same ratio as years previous; with the exception of potatoes, there has been raised sufficient vegetables for the use of the house the present year. There were 2805 pounds of pork raised and killed on the place during the year.

The house is still in good condition, and it has not been necessary to make many repairs the past year. There is also sufficient furniture, beds and bedding in the house for the comfort of all the occupants and inmates; all, as a general thing, have appeared to appreciate the kindness and good home that have been extended to them.

Gentlemen: in conclusion I would return my sincere thanks to the several members of the past and present Board of Overseers for the uniform kindness you have ever manifested toward me in the performance of my various duties for the past eight years.

I remain your obedient servant,

EZRA YOUNG,

Superintendent of Alms-house.

IN BOARD OF OVERSEERS OF THE POOR, JAN. 27, 1862.

Referred to the Mayor with the request to cause the whole or such portions of it as he may deem expedient to be printed with the Annual Report of the Overseers of the Poor, in connection with the Receipts and Expenditures of the City.

JOSHUA SEAVER, *Secretary.*

REPORT OF THE AGENT OF THE OVERSEERS OF THE POOR.

To the Overseers of the Poor for the City of Roxbury :

GENTLEMEN—I here present you with a Report of my doings as your Agent, for the year ending with this month. It is known to you that I am located in an office for five months of the year, commencing with the first day of November, and ending with the last day of March, from 9 A. M. to 12 M., to receive and make a record of all applications for aid, the remaining seven (when necessary) is devoted to the same calling.

The last three months, as compared with the corresponding months a year since, have not been attended with any unusual calls for aid *except for the families of soldiers*, although the orders drawn and families supplied exceed those of last year by 152 families, amounting to about \$400, which is accounted for in this way, viz :—Of the large number of soldiers enlisted into the service from this city, many of their families required aid from some source, and were aided by me temporarily, until the necessary papers were placed in the hands of the military agent of the city, and when they were so placed, the payment from that source, together with the soldiers' pay, was *ample for their support*.

As your Agent, I have endeavored to carry out your views as nearly as I could understand them. My policy is now, and has been for this season, to withhold aid to families where the head is an able bodied man, although he may say *with truth* that he has no work, and would work if he could get it, for the reason that the State wants men, and are willing to pay them, besides, the city is authorized and has paid to the families of *all* who have enlisted, where there is a wife and three or more children, \$4½ per week, which for a month of 31 days is \$20½, so that if these men are *really* desirous of placing their families in comfortable circumstances, that course is left for them. In my judgment, an opposite course on our part would be to clog the wheels of government and prevent enlistment.

There are a great many families, the heads of which are widows of men who have labored here in their life-time, whose children were born, reared and educated here ; who, when winter comes, require some little temporary aid, which has been the policy of the Board in years past to grant, and which is now continued.

There is a class in the city that are comers and goers from one city to another, and who have no permanent abiding place, that impose upon the well meant charities of our citizens, by going from house to house begging, and that appears to be their only calling; they press their cases very strongly upon the Agent for only a little *fuel*, and which he would refuse for the reason that such are fitting subjects for the State Alms-house, *but they won't go*. In many cases well meaning citizens give them letters, setting forth, *what the Agent knew before*, that they were poor and wanted help. Such persons are of no service to the city, perform no labor except travelling, &c., sending their children when they do not go themselves, who would be sent to school if the families were sent where they should be, viz.: to the State Alms-house.

There is still another class of persons whose friends urge should receive the usual supply of fuel for the winter, and that is a large number of women *living alone*, who occupy attics in some cases at little or no rent, who want and expect the same aid as those families where there are from three to five children, with a mother. In most cases, such should go to the Alms-house in winter and save the public and the city the expense of their support, but they are not inclined to go. Such cases are not considered as good ones for the city to aid *as a whole*, although a discrimination can properly be made.

In addition to the above, *who are all properly State charges*, I investigate all applications that come having settlements here, or in other parts of the State, and notify such as are liable to support them. Appended I add the amount expended for the five office months; for the seven months little comparatively has been expended.

ROXBURY, JAN. 27, 1862.

REPORT OF THE PHYSICIAN TO THE ALMS- HOUSE.

ROXBURY, JAN. 27, 1862.

To the Overseers of the Poor of the City of Roxbury :

GENTLEMEN—In presenting the usual Report of the Medical Department of the Alms-house, it is with pleasure that I can refer to the excellent condition of the house in all its arrangements during the past year, and to the abundant provision for the comforts of its inmates so liberally furnished. The house is commodious and cleanly, well warmed and ventilated. The food for those in health is generous in quantity, as well as excellent in quality, while for the sick every luxury that can in my judgment contribute to their welfare is supplied promptly and willingly.

No labor is spared on the part of the Superintendent and his wife to promote the happiness of all whom misfortune has compelled to seek here a refuge, and words of kindness and sympathy, ever grateful in affliction, are ready for those who are separated from kith and kin, can hear them only from the lips of the comparative stranger. No word of complaint has reached me from any one, but rather of thanksgiving, that there is provided for the homeless a home wherein exists, I fully believe, as much of contentment as among any equal number of people of like condition in our community.

To the competent, ever active nurse are due many thanks for her judicious care of the sick, and her unwearied exertions to save them needless suffering. Her reward consists, to some extent, doubtless, in the self-satisfaction always attendant upon successful effort to alleviate human misery.

In every institution of the kind there must, of necessity, be considerable sickness, and rarely indeed, during the year, have there been many consecutive days of exemption ; but for the most part it has been confined to the aged and those afflicted with chronic disease, from which can reasonably be hoped only temporary relief. A few cases of acute sickness have been admitted, and after a brief stay discharged.

At the commencement of the year there were seventeen boys between the ages of seven and fourteen confined for truancy by order of the Court. The number gradually decreased till July, when the last one was liberated, and the truant school discontinued. The greatest number at any time was twenty-seven. During their

residence here, extending over a period of nearly eighteen months, no case of sickness occurred among them.

The present number of inmates is thirty-seven. Of these seventeen are under twenty years of age, and among them I can recall no case of sickness, a fact which, taken in connection with the one above named, may be considered indicative to some extent of the watchful care maintained by those in charge of the establishment. There have been five deaths in the house; two of persons who were regular inmates, and three of persons who, when admitted, were in a hopeless condition.

Miss Seaver entered the house in July, 1856, and died in Dec., at the advanced age of 86. She was born in Roxbury in 1775 and passed the greater part of her long life of active usefulness elsewhere, till rendered helpless by reason of an accident, she was brought here to spend her few remaining days. She was of a cheerful, amiable disposition, and ever grateful for every kindness done her. Having outlived her kindred, as likewise most, if not all her cotemporaries, she had attained that melancholy condition of being the sole survivor of her family.

Mr. Vinal was admitted in October, unable longer to obtain a livelihood, and died in December. For many years he had been a resident of this city, following for a mere subsistence the occupation of a shoe maker, but his chief delight seemed to consist in reading history and the study of astronomy. He was a worthy citizen, and I hear him commended by those who knew him as having been always a "very honest man."

In February one of the unfortunate sufferers by the fire in Eustis Street was brought here severely burned, who lived but a few hours.

In June was admitted a man who, while engaged in a quarrel, had received a mortal gun-shot wound in the abdomen.

In July a woman was admitted who shortly died, in consequence, I believed, of gross intemperance and abuse.

During the year several insane persons have been sent here, who, for want of a safe place of restraint, wherein they could neither do injury to themselves or others, have been consigned to the cells. These cells, quite sufficient for the ordinary purposes of the house, are unfit places for prolonged occupancy. In consequence of legal delays, some of these persons were obliged to remain several days, in one instance, as many as fifteen before the requisite documents for transferring them to an Insane Asylum could be procured. If the admission of such cases is a necessity, and their occurrence continue as frequent as in the summer months, more suitable accommodation should be provided, else an arrangement, if possible, ensuring their more speedy transfer.

The wish has not unfrequently arisen in my mind that this house, in which is ample room and every needed convenience for sickness, might be made subservient to the wants of those not strictly paupers, who, overtaken by sickness, have no comfortable habitation nor the ability to obtain that care and attention requisite for prompt recovery. Were this possible, many lives might be spared, as well as much suffering prevented. Instances repeatedly come under the observation of every physician, and a few doubtless are brought to the notice of the Overseers, where the dictates of humanity seem to require the removal of the sick to some suitable place for treatment. Many would willingly come here who reject the proposal to be removed to a State Alms-house, establishments not in favor with the class for whom they were intended, whose longer continuance for manifold reasons seems hardly desirable.

Our Charitable Societies accomplish much, as does also private beneficence ; still much is left undone. In every populous community there exists a need of hospital accommodations for a class of persons, who, leaving distant homes, congregate about cities ; and many of the conveniences of a hospital might be furnished here with but slight additional cost, without changing either the name or character of the institution.

In conclusion, permit me to repeat the assertion that our Alms-house is admirably conducted, a credit alike to the community which provides for its maintenance, and to the Board of Supervisors who control its management.

Very respectfully submitted,

JOHN S. FLINT,

Physician to the Alms-house.

R E P O R T

OF THE

Chief Engineer of the Fire Department.

To the Hon. Mayor and Aldermen and Common Council :

GENTLEMEN—I herewith submit my Annual Report of the condition and wants of the Fire Department of the City of Roxbury.

The number of Hand Engines in active use is three, which, with one Steam Fire Engine, one Hose Carriage and one Hook and Ladder Carriage, constitutes the entire force of the apparatus now in service.

I am fortunate in being able to state that we have been able to cope with any fire that has occurred during the past year without having received any assistance from abroad. If the City Government will see that our means of getting water, by the construction of additional reservoirs, hydrants, &c., are increased, we shall not deem it necessary to urge an increase of the department. In this connection, I feel called upon to call attention to the lack of an adequate supply of water in case of fire in the southerly section of Ward Five, in the neighborhood of Dennis Street. The dry weather of last summer and fall rendered the deficiency of water very apparent. The construction of one or more reservoirs in that locality would be of invaluable assistance in that growing district.

The department is in good, working condition, the apparatus and machines have been carefully kept in good repair. We take

pleasure in commending the rubber hose, manufactured by the Boston Belting Company, as the most serviceable hose of any now made for the use of the Steam Fire Engine. The thorough trial we have given it the past year, attests its superiority for durability, cheapness, &c.

The Companies attached to the Engines are all full, but we cannot forget that many of the most efficient and faithful firemen of other years, have cheerfully and promptly volunteered to serve their country, in the army and navy, against the rebels of the South, and handle the musket, sabre, or cannon with as much alacrity as they ever "manned the brakes."

The accompanying documents give a full report of the members of the department, the condition of the Engines and apparatus, list of hydrants and reservoirs, and the general condition of the department.

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

IN conformity to the fifth section of "An Act relative to a Public Cemetery in the City of Roxbury," the Commissioners respectfully submit their

FOURTEENTH ANNUAL REPORT.

LAKE HIBISCUS. The enlargement of this lake has been in progress several years. It is now completed, and gives a surface of about four acres. We realize, in the finishing of the lake, what was expected in the original design, that it would be an ornament to the Cemetery.

The drain from the lake, which has been excavated about seven hundred feet in length through land of A. J. Peters, is walled three feet high, which gives a permanence to an important outlet of the surplus water.

The fund for the perpetual care of lots now amounts to twenty-two hundred and fifteen dollars. We repeat what has frequently been stated, that it is important that the perpetual care of each lot should be permanently provided for. Further information may be had by reference to an Act passed Feb. 25th, 1852.

The Selectmen of West Roxbury have refunded fifty-two dollars $\frac{61}{100}$, the amount of tax assessed on cottage at the Cemetery.

MONUMENTS. Twenty-one monuments have been erected the past year.

FENCES. Twelve lots have been enclosed with iron fences, and eleven with granite borders.

LOTS FINISHED. One hundred and twenty-one lots and one hundred and twenty-five graves are now ready for sale.

PATHS. Two thousand three hundred and thirty-five feet of paths have been excavated and filled with stones and gravel.

INTERMENTS. Four hundred and seventy-four interments, in private lots and in the field of Ephron, have been made during the year.

The Receipts and Expenditures for the year have been as follows :—

Five thousand dollars of the debt has been paid the past year—all that is now due. Seven thousand dollars—the balance of the debt—is not due until December 1st, 1863.

FRANCIS C. HEAD,

Secretary of the Commissioners of Forest Hills Cemetery.

ROXBURY, FEB. 23, 1862.

IN BOARD OF ALDERMEN, FEB. 24, 1862.

Referred to the Committee on Accounts, with instructions to cause the same to be printed with the Receipts and Expenditures of the City.

Sent down for concurrence.

JOSEPH W. TUCKER, *City Clerk.*

IN COMMON COUNCIL, FEB. 24, 1862.

Concurred.

JOSHUA SEAVER, *Clerk.*

MEMORANDA FOR PROPRIETORS.

The Records of Deeds are kept in the City Hall, under the direction of the City Clerk, and are the only evidence of the title of a Proprietor recognized by the Commissioners; consequently when a person receives a lot by transfer from a Proprietor, he should immediately send his deed at once to the City Clerk's office for record.

Care of Lots. A book is kept at the Superintendent's office at the Cemetery, in which are entered all orders for the care of lots. Proprietors should be particular to specify what care they desire to be devoted to their lots, and it is requested that all orders given should be in writing.

Flowers. Proprietors in want of flowers to beautify their lots, will find them at the Cemetery by calling on Mr. Duncan Welsh, the gardener, with whom they can settle for the same.

Interments. For a deposit in the receiving tomb, to remain not over 60 days, the price charged will be *fifteen dollars*. If a lot is purchased within that time, a part of the deposit money will be refunded. For a single grave in the "Field of Ephron," *ten dollars* and the necessary fees for digging a grave, interment, &c. For digging a grave for an adult, making interment and recording, \$2. For digging a grave for a child under ten years old, \$1.50. If the coffin is enclosed in a box, fifty cents additional will be charged.

The above sums are all payable at or before the time of interment.
